WMRAS-NEA Waste Management Symposium 2011

5 July 2011 | Marina Mandarin Singapore

OVERVIEW

The Waste Management Symposium is jointly organised by the Waste Management and Recycling Association of Singapore (WMRAS) and the National Environment Agency (NEA), and supported by the International Solid Waste Association (ISWA) and the Workforce Development Agency (WDA).

This event will provide insights into the opportunities and trends for the waste management market in Singapore and the region, and will be complemented by a discourse into more technical issues in the afternoon.

A networking lunch is included in the full-day programme, which will provide participants with the opportunity to exchange ideas and connect with key stakeholders in the expanding waste management market.

HEAR FROM EXPERTS

Our panel of distinguished speakers will share their wealth of knowledge, experience and insights on key areas such as:

Market Perspectives

- Challenges facing the waste management sector, the role of technology, and the solutions adopted by other cities/ countries.
- Unveiling of WMRAS latest legal assistance scheme for members and a presentation of its latest initiatives.

Technology & Innovation

- Increasing recognition of waste as a multi-faceted resource, and the use of technologies to transform waste for renewed use.
- Recovery of raw materials from waste, material flow management to close material life-cycles and how the waste management industry can promote a circular-flow economy.
- Latest technical innovations in WtE technologies, and the various considerations and models adopted in Europe on waste management solutions and WtE facilities.
