Note :-

1) Product Code Unit of Quantity = KGM

2) "A" - HS codes solely controlled by PCD(ODS). Please refer to the Schedule of EPM (ODS) Reg. - The Environmental Protection and Management (Ozone Depleting Substances) Regulations.

3) "B" - HS codes jointly controlled with PCD(HS) and other CAs. If the item is not controlled by PCD(HS) and other CAs, appropriate PCD(ODS) product code must be declared.

4) "#" - If the chemical which you are importing/exporting under this HS code is not controlled by PCD(ODS), you are required to declare product code as "MISC".

5) Please note that the above list of CAS numbers is not exhaustive, and serves only as a guide to assist companies in finding the appropriate PCD product code for their import/export permit declaration. Companies are advised to use the information with discretion where necessary.
