				59. Wong Kon Thye

* Embalming is typically carried out if families select certain arrangements, such as a funeral with viewing or with an open casket. It is also possible to opt for arrangements which do not require viewing or embalming. Families are advised to consult and discuss with their appointed Funeral Directors to decide on the procedures required. Embalmers registered with the NEA are equipped with basic infection control knowledge and have performed embalming procedures locally. The NEA does not regulate the embalming procedure, or the related cosmetic procedures provided by the embalmers, which should be performed in accordance with the wishes of the family and prevailing professional practice.

** Body washing services only.
