To: All HCFC Licence Holders

Dear Sir/Mdm,

EXPORT OF HYDROCHLOROFLUOROCARBONS (HCFCs)

As you are already aware, Singapore has been a Party to the Beijing Amendment to the Montreal Protocol since 2007. Hydrochlorofluorocarbons (HCFCs) are not allowed to be exported to Article 2 (A2) countries that are non-Parties to the Beijing Amendment.

2 We would like to remind all HCFCs licence holders that checks should be in place to ensure that HCFCs are not exported to A2 (non-Article 5) countries that have not signed the Beijing Amendment.

3 You may also wish to visit the following UNEP website to get more information on the status of ratification to the various amendments under the Montreal Protocol:

- Status of ratification to Beijing Amendment (as of 24 August 2010)

- List of Parties operating under Article 5 paragraph 1 of the Montreal Protocol

Yours faithfully
