Pre-Qualification Requirements

Any company wishing to participate in the tender for the provision of refuse collection services to domestic and trade premises will need to apply to be pre-qualified. The pre-qualification criteria typically include the following:

i) The applicant does not have any adverse track record or any conviction under environmental laws. Its directors and key supervisory personnel do not have any convictions of corruption or criminal breach of trust.

ii) The applicant must be a Singapore-incorporated company with a minimum paid-up capital of S$3 million in cash and net worth of S$3 million in order to be the Licensee for one sector. A further minimum paid-up capital of S$3 million in cash and net worth of S$ 3 million is required for each additional sector that it successfully bids for.

iii) The applicant must have provided refuse collection services to a community of at least 150,000 people in one contract or collected an equivalent of at least 60,000 metric tonnes of incinerable refuse in one year.

Kindly note that the above information is subject to review.
