Revision of Plotting Fees for Sewerage and Drainage Interpretation Plans

Details

The plotting fees for Sewerage Interpretation Plan (SIP) and Drainage Interpretation Plan (DIP) will be revised from 1 Sep 2014.

2. NEA is always mindful of the impact of any revision to fees, and will continue to keep fees affordable. From time to time, it is necessary to revise some fees, in order to bring our fees closer to full cost recovery and enable NEA to enhance its operations to serve the public better.

3. Please be informed that with effect from **1 Sep 2014**, the plotting fees for SIP and DIP will be revised to \$40.00 for each SIP (per standard plan not exceeding A3 size) and \$40.00 for each DIP. This revision is necessary given the increases in the administrative and operational costs of processing the SIP and DIP over the years.

4. The SIP and DIP can be purchased via Internet Yellow Pages at the following website address:
